

Opportunities in Northern BC for People in Pursuit of Excellence

Conifex Inc.—through astute strategic acquisitions and strong leadership—is emerging as a major national player in the forestry and sawmilling industry. Operationally, our approach is to blend state-of-the-art technology with the expertise of people who believe in the value of excellence. Together, we can achieve our vision to become a premier forest products company.

Our **Fort St. James** and **Mackenzie** mills are now accepting applications for future consideration from qualified individuals, preferably with sawmill experience:

Electricians

Apply your skills to assembling, installing, testing, performing maintenance for, as well as disassembling and repairing electrical equipment and machinery, as required.

Just as we are investing in upgrading the mill's infrastructure, so we are investing in our people. When you join our team, you can expect good training and development opportunities along with a competitive salary and benefits package.

Surrounded by lakes and rivers and nestled in the Rocky Mountain trench of BC's Central Interior (185 km north of Prince George), Mackenzie is the ultimate outdoor playground and fishing paradise, and also boasts a large recreational complex and scenic 9-hole golf course. For community information, visit www.district.mackenzie.bc.ca.

Steeped in history, Fort St. James is located in the Bulkley Nechako District 160 km northwest of Prince George, where abundant wildlife and year-round outdoor activities abound. To learn more, visit: www.fortstjames.ca.

Pursue excellence in your career. Apply by forwarding your resume, quoting the appropriate job title to:
